**Object: control of the commercial network and use of the Rimadesio brand**

Dear Customers,

Rimadesio is intensifying controls on the business network to block those parallel sales channels that damage both the image of our brand and our official partners who displays the Rimadesio collection.

We remind to all our partners that Rimadesio brand is exclusively licensed for use to Rimadesio spa, that has registered the internet domain worldwide.

The use of the same by our partners, with particular references to the use on internet channels, marketing campaign and on trade shows, has to be previously authorized by Rimadesio spa, sending an official request email to mr. Davide Santambrogio.

Email address: brand@rimadesio.it

We are confident that you will understand our commercial policy and thanking you in advance for your cooperation, we wish our best regards.
